This is a merger of two highly compatible firms. Our companies have worked together frequently in the past, and we are long time personal friends. We hold similar values and philosophies on doing business: producing an excellent job for the client, an emphasis on honesty and integrity, and the importance of bringing a positive attitude to work.

We will now operate and rely on the same personal working relationships that you have had in the past. You will still be dealing with the same people, and you can depend on the same quality of work. As well you'll still have the possibility to buy Comap's strategic product families as it was the case in the past.

Please join us as we look forward to an exciting and prosperous future for our employees, our project partners and our clients.

Sincerely,

CEO STH GROUP
