40+ YEARS INDUSTRY EXPERTISE

A well-established organisation, and part of the Standard Hidráulica Group, with over four decades of manufacturing experience, we have provided some of the world's most iconic heating and plumbing parts.

Bringing a wealth of experience to the table, our long-standing presence in the market signifies a deep understanding of industry trends, customer needs, and evolving technologies.

We leverage this extensive knowledge to deliver sought-after products that stand the test of time, ensuring reliability and satisfaction for merchants and their installer customers.

QUALITY PRODUCT RANGES

Above and below the sink, in front and behind the wall, we provide merchants with the products that the UK's plumbers and heating installers need to service every job.

With four main areas of expertise – comfort control, connections, brassware & taps, mixers and showers - our products can be relied on in each and every situation.

And, to meet the highest quality and eco-efficiency standards, many of our high-end products come with innovative features like Cold Open, Tech Air and Eco Aerator.

Rigorous quality control measures are embedded in every stage of our development process. With a portfolio that includes British Standard (BS), A-rated, and WRAS-approved products, everything we create is designed and manufactured using the best materials available. We also offer industry-leading guarantees on most products, so you can trust that they will stand the test of time.

Heating,
control
& security

THERMOSTATIC & MANUAL RADIATOR VALVES

The valves and fittings in our highly acclaimed heating series range from TRV's to hardwearing everyday fittings which have become toolkit essentials for installers throughout the UK.

Utilities

CONNECTIONS

Westco invest a great deal of time and energy developing and sourcing products that satisfy the most demanding of plumbing requirements.

Valves,
systems &
connections

BRASSWARE

Our range of durable, high performing valves includes standard products for everyday plumbing and heating maintenance alongside a series of innovative valves specifically designed for additional safety and efficiency.

Taps

TAPS, MIXERS & SHOWERS

Combining style with practicality, our market-leading products are designed, developed and manufactured using the best materials available. We also apply stringent quality control standards to ensure outstanding reliability and assurance of a long and robust working life.

OUR GUARANTEE

TERMS AND CONDITIONS

Products are subject to a 2, 5 or 10 year guarantee that is between STH Westco and the final purchaser of the product.

The guarantee is subject to proof of purchase being supplied.

This guarantee does not affect any statutory rights the consumer may have in law.

The guarantee covers manufacturing or material defects and does not cover parts subject to normal wear and tear.

Finishes other than chrome are covered for a period of 3 years only and the guarantee on the finish is subject to the cleaning instructions being followed.

The guarantee is not applicable where the product is fitted contrary to the conditions in the fitting instructions.

Abusive behaviour and accidental damage to the product are not covered by this guarantee.

The extent of this liability is limited to the cost of the replacement of the defective item and not to fitting or consequential damages.

DESIGN, APPROVALS & STANDARDS

We are dedicated to designing, developing and manufacturing products of the highest quality. Our products, where applicable, comply with the relevant British, European and International standards.

MANUFACTURING QUALITY

By using the very best materials currently available and applying the most stringent quality control standards we can consistently deliver outstanding product reliability leading to the assurance of a long working life.

CONTINUOUS IMPROVEMENT

Continual improvement is a key ingredient of the standard. Maintaining a policy of continual product development. Clever reserve the right to change specifications, design and materials of products listed in this catalogue without prior notice.

It is therefore, mandatory that all aspects of the business strive for improvement year on year to ensure that customer satisfaction is increased with a subsequent improvement in business performance.

CONTACT US

For contract support enquiries, please don't hesitate to reach out to our dedicated team. You can contact us via email at contactsupport@westco.co.uk.

We are committed to providing prompt and professional assistance to ensure your satisfaction with our services.

Accessible Communication Channels:

Reach out to our dynamic sales team through multiple channels including phone or email, for swift assistance.

Expert Guidance:

Our seasoned sales professionals are equipped with extensive product knowledge and industry expertise to address all your inquiries effectively.

Efficient Response Times:

We prioritise your queries and guarantee prompt responses, ensuring minimal waiting times and seamless communication.

Dedicated Support:

Enjoy dedicated support throughout your journey, from initial contact to post-sales assistance, ensuring a smooth and rewarding experience.

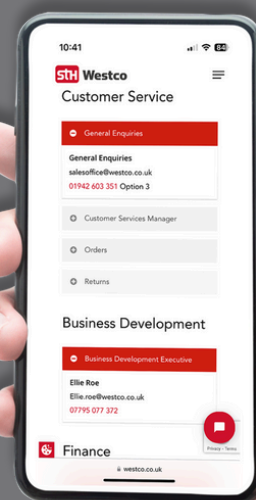

Customer-Centric Focus:

We prioritise your satisfaction and strive to exceed your expectations at every interaction, fostering long-term partnerships built on trust and reliability.

NATIONWIDE COVERAGE

Cold Open System.

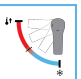

Delivering real energy savings, the Cold Open System saves on the amount of hot water used.

When the handle is in the central position, the tap opens with cold water only, avoiding unnecessary use of hot water.

The Affordable Housing Collection has been conceived under the strictest technical and functional criteria. With a timeless design, the professional taps from CLEVER will fit perfectly in any kitchen and bathroom. With a careful selection of materials and components, the taps in the range professional has been extensively tested, obtaining an extraordinary balance between quality and functionality, therefore being reliable over time. CLEVER has a high sense of responsibility towards people and the environment atmosphere. All materials and components in contact with water respond to demanding quality certificates that provide us with the security required in terms of health and hygiene.

-  3 years warranty.
-  5 years warranty.
-  10 years warranty.
-  Suitable for systems 0.1 bar + and above.
-  Ensures flow of water is directed at outlet.
-  Mixes water with air to reduce water consumption.
-  Aerates flow to form pleasant stream.
