YOUR SALES THIS WINTER

Keep Your Customers Warm This Winter
with Westco's Westerm Classic TRV's

As the winter months approach, your customers will be looking for reliable, stylish, and efficient heating solutions. At Westco, we understand the importance of offering products that not only perform exceptionally but also cater to the diverse tastes of your clientele. That's why we're proud to present the Westerm Classic Thermostatic Radiator Valve (TRV)—a must-have for any independent plumbing and heating merchant.

Why Stock the Westerm Classic TRV?

Stylish Options for Every Home

The Westerm Classic is designed with both aesthetics and performance in mind. Available in three attractive finishes—White & Chrome, All Chrome, and Anthracite—these TRVs are perfect for any interior, from modern minimalist to classic traditional. Whether your customers are looking for a sleek, polished look or a more subdued, contemporary finish, the Westerm Classic has a colour option to match.

Exclusively Yours with Westco

This TRV is exclusive to Westco, and available in **15mm angled, straight, and lockshield** options, the Westerm Classic is versatile enough to meet the needs of any heating project.

A Smart Investment for Your Business

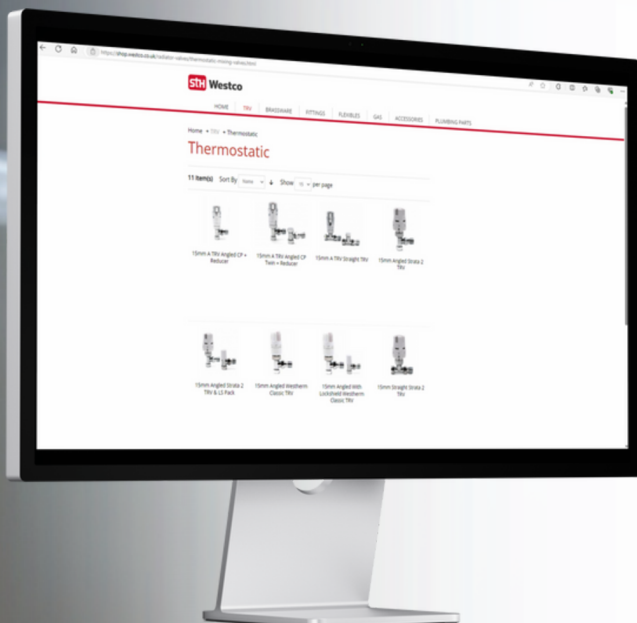

By stocking the Westerm Classic TRV, you're not just offering your customers a high-quality product—you're also providing them with an energy-efficient solution that can help reduce heating bills. As more homeowners become aware of the benefits of thermostatic radiator valves, the demand for reliable and stylish TRVs like the Westerm Classic will only continue to grow.

Engineered for Performance

What sets the Westerm Classic apart from other TRVs is its superior engineering:

- **Liquid Sensor:** Offers precise and responsive temperature control, ensuring consistent comfort.
- **M30 Head:** Universally compatible, making it an easy choice for any installation.
- **EN 215 & Key-Marked:** Certified to meet the highest European standards, offering peace of mind to your customers.
- **1.0 Bar Flow Differential & 10 Bar Rated:** Capable of handling high pressure, ensuring reliable performance across various systems.
- **Bi-directional Angle Pattern:** Simplifies installation, providing flexibility in any heating setup.
- **Smooth Turning Action:** Makes temperature adjustments effortless, adding to user convenience.
- **5-Year Warranty:** We stand by the quality of our products, offering a warranty that gives both you and your customers confidence.

Contact your Westco Regional Sales Manager today to learn more about the Westerm Classic and how it can enhance your product offerings this season. Let's work together to keep your customers—and your business—thriving this winter.

Clever Taps & Showers

Earns Prestigious EPD Certification!

As a result of STH Group's commitment to environmental sustainability, Clever Taps & Showers has obtained the prestigious EPD (Environmental Product Declaration) certification for nearly all of its products, covering a wide range of categories within the Deck-Mounted Faucets (for Washbasins, Bidets, and Sinks), Wall-Mounted Faucets, and Thermostatic Faucets families, including Shower Sets and many more products.

The EPD/DAP certification confirms the manufacturer's commitment to measuring and reducing the environmental impact of its products and services, and it communicates these impacts in a responsible and transparent manner.
